Minutes of the meeting of the Finance Committee of the Board of Directors of the Cook County Health and Hospitals System held Friday, February 21, 2014 at the hour of 8:45 A.M., at 1900 W. Polk Street, in the Second Floor Conference Room, Chicago, Illinois.

I. Attendance/Call to Order

Chairman Butler called the meeting to order.

Present: Chairman Hon. Jerry Butler and Directors Ada Mary Gugenheim; M. Hill Hammock; and Dorene P. Wiese, EdD (4)

Board Chairman David Carvalho (ex-officio)

Absent: Director Jorge Ramirez (1)

Additional attendees and/or presenters were:

- Gina Besenhofer – System Director of Supply Chain Management
- John Cookinham – System Chief Financial Officer
- Steven Glass – Executive Director of Managed Care
- Randolph Johnston – System Associate General Counsel
- Terry Mason, MD – Cook County Department of Public Health
- Elizabeth Reidy – System General Counsel
- Deborah Santana – Secretary to the Board
- John Jay Shannon, MD – Chief of Clinical Integration
- Linda Diamond Shapiro – Chief Strategy Officer

II. Public Speakers

Chairman Butler asked the Secretary to call upon the registered public speakers.

The Secretary called upon the following registered public speaker:

1. George Blakemore Concerned Citizen

III. Action Items

A. Minutes of the Finance Committee Meeting, January 17, 2014

Director Hammock, seconded by Director Wiese, moved to accept the minutes of the Finance Committee Meeting of January 17, 2014. THE MOTION CARRIED UNANIMOUSLY.

B. Contracts and Procurement Items (Attachment #1)

Gina Besenhofer, System Director of Supply Chain Management, provided an overview of the requests presented for the Committee’s consideration. The Committee reviewed and discussed the requests.

The following individuals provided additional information on the requests: Dr. Terry Mason, Chief Operating Officer of the Cook County Department of Public Health (CCDPP); Randolph Johnston, System Associate General Counsel; and Linda Diamond Shapiro, Chief Strategy Officer.
III. Action Items

B. Contracts and Procurement Items (continued)

With regard to request number 1, additional information was requested for this request and for future grant-related requests. Board Chairman Carvalho stated that the Board needs to be provided with information that indicates whether the grant-related services are mandated or optional, and whether the grant funding covers the cost of the provision of those services¹.

During the discussion, Dr. Mason offered to provide a presentation in the future that gives a broader overview of grants. Board Chairman Carvalho stated that one of the things that Board Members need to be assured of is grant compliance and whether grants are properly managed; he stated that the assurances on how the System manages that should be part of the presentation².

During the discussion of request number 2, Mr. Johnston provided additional information. He stated that the request may be misclassified – this may need to instead be a request to execute contracts with the thirty-four municipalities, rather than renew intergovernmental agreements with the thirty-four municipalities. He stated that he will further review the matter³; if a change is needed, the request can be corrected prior to the Board Meeting on February 28th.

Also with regard to request number 2, Board Chairman Carvalho inquired whether the inspection fee charged by CCDPH covers the cost of the inspections performed by CCDPH staff⁴.

Director Hammock, seconded by Director Gugenheim, moved the approval of request numbers 1 through 7. THE MOTION CARRIED UNANIMOUSLY.

C. Any items listed under Sections III and IV

IV. Recommendations, Discussion/Information Items

A. Update on Section 1115 Medicaid Waiver Demonstration Project/CountyCare

Steven Glass, Executive Director of Managed Care, provided an update on the Section 1115 Medicaid Waiver Demonstration Project/CountyCare. He stated that CountyCare continues to operate under a temporary extension of its 1115 Waiver; significant accomplishments in enrollment and membership have been achieved again this month.

In February, it is anticipated that an additional 7,200 CountyCare applications will be initiated; this will bring the total number of applications initiated to just over 141,000. Another 6,800 applications have been submitted to the State’s Department of Human Services (DHS) this month for processing; this brings the total number of applications submitted to DHS to 113,000.

At the end of this month, the administration expects that the State will approve another 4,300 applications, which would bring the total number of approved applicants to just over 81,000.

Over the past six months, equilibrium has been reached between the number of applications submitted to DHS and the number they approve. As a result, the back-log of applications at DHS continues to hover around 18,000, or 2 1/2 months’ worth of submissions.
IV. Recommendations, Discussion/Information Items

A. Update on Section 1115 Medicaid Waiver Demonstration Project/CountyCare (continued)

All other trends in the program continue as they have in prior months, in terms of where applications originate and where members are assigned.

The administration will continue to work through the RFP process in the selection of a new third party administrator, as well as negotiate the managed care contract with the State of Illinois. It is hoped that the administration will bring both of these matters to the Board for review next week and next month.

Board Chairman Carvalho noted that the System continues to operate CountyCare under an extension of the authority that it operated under in calendar year 2013; he requested that Mr. Glass provide a status update on that extension and an update on what is supposed to come after that. Mr. Glass stated that the temporary extension of the Waiver was granted by the Centers for Medicare and Medicaid Services (CMS) on December 31st. In that notice, they provided for a ninety day extension through March 31st; he added that, in the cover letter, there was a one sentence comment indicating that an additional ninety days may be requested. The State of Illinois, who is the actual holder of the Waiver, in its response acknowledging the extension, asked for that additional ninety days, and asked for a timely response from CMS.

Mr. Glass stated that the State has not yet heard back from CMS regarding the request for the additional ninety days. The administration is operating, staff-wise, under the assumption that the Waiver will expire March 31st, and that the System therefore needs to enter into a contract with the State of Illinois to become a Managed Care Community Network (MCCN). Mr. Glass stated that the administration received a draft MCCN agreement back from the State of Illinois that members of staff are reviewing; a full day meeting has been scheduled in a couple of weeks down in Springfield to go page-by-page to review it. He hopes that the agreement will be finalized in a couple of weeks.

Mr. Glass provided an overview of the relationship with Access to Care, in relation to CountyCare. In response to Director Gugenheim’s question regarding the number of Access to Care patients that have been found to be eligible to enroll in CountyCare, Mr. Glass stated that he can get that information.

V. Report from System Director of Supply Chain Management

A. Report of emergency purchases

There were no emergency purchases to report at this time.

VI. Report from Chief Financial Officer (Attachment #2)

John Cookinham, System Chief Financial Officer, reviewed his report, which contained information on the following subjects: Financial Performance; Cash Collections-December; Cash Collections-January; January Year-To-Date Cash Collections; and Future Cash Collections. The Committee reviewed and discussed the information.

Director Hammock, seconded by Director Wiese, moved to receive and file the Report from the Chief Financial Officer. THE MOTION CARRIED UNANIMOUSLY.
VII. Adjourn

As the agenda was exhausted, Chairman Butler declared the meeting ADJOURNED.

Respectfully submitted,
Finance Committee of the
Board of Directors of the
Cook County Health and Hospitals System

Contract number H13-28-0001 was executed by the Department of Supply Chain Management on 12/11/2012, in the amount of $149,448.00 for a 12 month period. This contract was for micro-fiber mops and supplies to daily provide quality cleaning to floors by effectively eliminating 99.9% microbe's that help reduce hospital infections.

**NEW PROPOSAL JUSTIFICATION:**
This request is to execute a new contract with Cintas to continually assure quality cleaned floors for a safe and clean environment. This is needed, not only for regular scheduled floor assignments, but also for urgent unassigned floor requests throughout the hospital complex. This contract will include microfiber dust mops, totes, wipes and tubes. The Centers for Disease Control (CDC) recommends a unique launder process that will be used as well as OSHA compliant containers for effective inventory management.

January Cash Collections

• In January collections from traditional fee for service services were below the budget. These collections did include some retro-active CountyCare Fee for Service revenue. The lower level of collections was due to the recent holidays.

• The collections of CountyCare PMPM revenue was $25,426,966. The January PMPM CountyCare collections include both 2013 revenue and fiscal 2014 revenue at the 50% FMAP level.

• DSH collections have exceeded the budget for the first two months of the fiscal year. The budget planned for a reduction in DSH that has been delayed for 2014.

Future Cash Collections

• The budget for 2014 planned on an average of 56,350 CountyCare members for the full year.
• The budget for 2014 assumed that CCHHS would receive 100% of the PMPM rate for 11 months of 2014 CountyCare services.
• The 2014 budget also assumed that CCHHS would be paid $629 PMPM for CountyCare members.
• The 2014 budget assumed that fee for service collections would remain at 2013 levels.
Future Cash Collections

• CountyCare 2013 collections in 2014 are dependent on the number of applications successfully processed by the State and the number of retro months for each new member. The 2014 budget amount for 2013 PMPM collections was over $70 million. The December amount actually received was almost one half of that expected amount.

• It has been assumed that in the first six months of fiscal 2014 there will continue to be 2013 PMPM cash collected by CCHHS.

• The 1115 Waiver (CountyCare) has been extended through March 31, 2014. CountyCare PMPM for the month January 2014 is expected to be approximately $42,772,000. This revenue would be received in February 2014.
